--	---

The Utah Division of Oil, Gas and Mining (Division), by and through its undersigned counsel, and Homeland Oil and Gas, Inc. (Homeland), hereby respectfully move the Utah Board of Oil, Gas and Mining (Board) to continue hearing of the above-captioned matter from December 4, 2013 until the next regularly scheduled Board hearing on January 22, 2014.

In support of this motion, the parties represent that after several months of attempting to put the Brown 3-2 well (Well) back onto production, Homeland has decided to plug the Well.

However, due to complications with split tubing in the wellbore and the need for Homeland to properly plug and abandon the Well, the Well will not be plugged and abandoned by December 4 as previously contemplated.

Homeland has agreed to plug and abandon the well to the Division's satisfaction and according to Utah Admin. Code R649-3-24 on or before December 31, 2013. Accordingly, the parties have agreed that the matter should be continued until the next regularly scheduled Board hearing in order to allow time for the Well to be plugged and abandoned by that time. A proposed Order Granting Motion to Continue Hearing is attached for the Board's convenience.

Respectfully submitted this 3<sup>rd</sup> day of December 2013.
